

SKIP Enrollment Services End June 1, 2019

New Resources Available for Medi-Cal and Covered California Enrollment

Health care has changed a great deal in recent years, and now all children and most adults are eligible for coverage. Because of the improved access to coverage, the Solano Coalition is ending our SKIP enrollment program on June 1, 2019.

Below is a list of organizations who are ready to help you with enrollments and re-enrollments after June 1. If you are in need of services prior to June 1, please contact SKIP at (1-800-978-7547).
